FINA Points and British Age Group Categories

From the 1st January 2010 the ASA have discontinued the use of GB and age corrected GB points in favour of FINA points. Therefore the **Top Boy / Girl British Age Group Category awards for this meet will be calculated using FINA Points**.

Please remember that to be in contention for the overall BAG Category awards it is reasonable to assume that a swimmer **should compete in at least one event from each of the 4 / 5 BAG Category event groups**. They do **NOT** have to enter **ALL possible events**, it is their and their Coaches choice. Only the highest FINA points scoring swim from each event group in their BAG Category is used in their overall total. Also, FINA Points are calculated for **ALL swims**. In particular both heat and final swims are calculated and **the highest scoring swim is used in the overall BAGCAT calculation regardless of whether it was in the heat or final**.

The Events in each Category are :

Sprints	50m Free / 50m Back / 50m Breast / 50m Fly
100s	100m Free / 100m Back / 100m Breast / 100m Fly
Form Strokes	200m Back / 200m Breast / 200m Fly
Distance Freestyle	200m Freestyle
Individual Medley	100m IM / 200m IM

The following table summarises the events that will be used to calculate the Overall Top three Boys / Girls in each age BAG Category at this City of Derby Swimming Club Short Course Licensed Open Meet.
